VILLA KUBU

Villa Kubu, just a ten-minute walk from Seminyak Beach, is truly charming. In 2007, it received one of Bali's most prestigious awards, the *Tri Hita Karana*, for honouring the Balinese design concepts of harmony with man, nature and the heavens.

Comprising 14 individual villas, each with its own swimming-pool and kitchen, the cultural authenticity of its design means you can experience the magic of Bali without leaving the property.

You can while away the day in your own enchanted tropical garden, set among trees, calling on room service or your personal butler to provide food, drinks, or advice on the best way to indulge yourself. You can even arrange for Balinese spa treatments in the comfort of your own villa, though if you fancy heading out, the shopping stretch at Seminyak Beach is filled with restaurants, bars and fascinating shops.
