VILLA KUBU

Seminyak - Bali

Nestled in a colourful garden oasis, yards from the boutique shopping of Seminyak, lies chic Villa Kubu and Spa Venus. It has taken ten years to complete Villa Kubu to the owners exacting high standards, with loyal and dedicated staff providing legendary and intimate service.

These luxurious one, two and three bedroom villas are all designed with Balinese architectural influences. Each villa is complimented with wonderful art and individual furniture, private swimming pools, lotus ponds, indoor and outdoor bathrooms, as well as an outdoor traditional bale surrounded by vibrant yet tranquil gardens. A private chef will come to the villa to cook to the guests' pleasure.

Spa Venus is a boutique spa designed to honour the three-fold Balinese Tri Hita Kirana which provides holistic care for the mind, body and soul using natural and organic ingredients for your ultimate well being, as well as a nutritious yet delicious menu which takes pampering to a whole new level.
